Professional Learning Team Information and Awareness Work Session

This 2-hour session provides an overview of the SERVE Center Professional Learning Team process, including information on follow-up and progress assessments.

Establishing and Maintaining Professional Learning Teams Training Session

Using *Team to Teach: A Facilitator's Guide to Professional Learning Teams*, this 1- to 2-day workshop provides an introduction to the SERVE Center's Professional Learning Teams, including specifics on organizing teams, setting norms, establishing team goals, examining data, engaging in collective learning and action, conducting successful meetings, maintaining team momentum, and assessing team progress.

Facilitating Professional Learning Teams

This 3-hour work session provides tips and guidance to individuals who will be facilitating the school learning teams. It includes facilitation basics, ways to encourage teams, team incentives, and tips on providing appropriate feedback.

Professional Learning Team Follow-up Sessions

These face-to-face meetings with individual teams or with groups of teams at a school are designed to provide teams with focused support and troubleshooting.
